

Prescription Drug Coupon Adjustment Request

Sutter Health Plus

When you use a prescription drug coupon to help satisfy your high-deductible health plan (HDHP) cost share, Sutter Health Plus does not apply this credit towards your deductible or out-of-pocket maximum (OOPM).

If you used a coupon to help with your cost share when fulfilling your prescription drugs, and we applied the total cost share to your HDHP deductible or OOPM, please complete and submit this form so we can accurately adjust your account. **Include copies of valid receipts from the retail or mail order pharmacy that shows the coupon amount deducted from your payment amount.** The cost share adjustment is only required when using a coupon for prescription drugs covered under the Sutter Health Plus plan and subject to the deductible and out-of-pocket maximums.

Please email, fax or mail the completed form and supporting documentation, including a receipt that shows the date within the current plan year to
