MH/SUD inpatient facility fee (includes residential treatment)	40% coinsurance after deductible

2023 Individual and Family Plan Endnotes

1. Family deductibles (when applicable) and out-of-pocket maximums (OOPM) are “embedded.” This means that an individual in a family plan is responsible for no more than the “individual family member” deductible and OOPM. Once an individual family member has met their deductible, that family member will only be responsible for the specified copayment or coinsurance until that individual meets the individual family member OOPM or the family as a whole meets the family OOPM, whichever comes first. Deductibles and other cost sharing payments made by each individual in a family accrue to both the “family” deductible and “family” OOPM. Once the family deductible has been met, individual family members who have not yet met the individual family member OOPM amount will continue to be responsible for the specified copayment or coinsurance until they meet the individual family member OOPM or until the family as a whole meets the “family” OOPM, at which point, Sutter Health Plus pays all costs for covered services for all family members.
2. Cost sharing amounts for all essential health benefits, including those which accumulate toward an applicable deductible, accumulate toward the OOPM.
3. Other practitioner office visits include therapy visits, other office visits not provided by either primary care physicians or specialists, or office visits not specified in another benefit category.
4. For prescription drugs, cost sharing applies per prescription for up to a 30-day supply of prescribed and medically necessary generic or brand name drugs in accordance with formulary guidelines. Maintenance drugs are available for up to a 100-day supply at twice the 30-day retail copay price, through the CVS Health Retail-90 Network or the CVS Caremark Mail Service Pharmacy. Specialty drugs are only available for up to a 30-day supply through CVS Specialty®. FDA-approved, self-administered hormonal contraceptives that are dispensed at one time for a member by a provider, pharmacist or other location licensed or authorized to dispense drugs or supplies may be covered for up to a 12-month supply. Cost sharing for a 12-month supply of contraceptives will be 12 times the retail cost or four times the mail order cost.

All medically necessary prescription drug cost sharing contributes toward the annual OOPM. Please consult specific plan designs for any applicable maximum amounts for prescription cost sharing (may not apply to all plan designs).

5. MH/SUD inpatient facility fee services include, but are not limited to: inpatient psychiatric hospitalization, including inpatient psychiatric observation; inpatient Behavioral Health Treatment for autism spectrum disorder; treatment in a Residential Treatment Center; inpatient chemical dependency hospitalization, including medical detoxification and treatment for withdrawal symptoms; and prescription drugs prescribed in an inpatient setting, excluding a Residential Treatment Center. Refer to the Outpatient Prescription Drug benefit for coverage details for prescription drugs prescribed in a Residential Treatment Center. There may be separate cost sharing for inpatient professional fees.
