

## HEALTH PLAN BENEFITS AND COVERAGE MATRIX

**THIS BENEFITS AND COVERAGE MATRIX (BCM) IS INTENDED TO HELP YOU COMPARE COVERAGE AND BENEFITS AND IS A SUMMARY ONLY. THIS BCM SHOWS THE AMOUNT YOU WILL PAY FOR COVERED SERVICES. FOR A DETAILED DESCRIPTION OF COVERAGE, BENEFITS AND LIMITATIONS, THE EVIDENCE OF COVERAGE AND DISCLOSURE FORM (EOC) SHOULD BE CONSULTED. PLEASE CONTACT SUTTER HEALTH PLUS (SHP) FOR ADDITIONAL INFORMATION.**

*(Important disclaimer regarding optional benefits: Cost Sharing and benefit information for optional benefits that may be elected by your employer group are not reflected on this Benefits and Coverage Matrix. Most optional benefits do not accrue to your Deductible or to your Out-of-Pocket Maximum. Please refer to the separate plan documents for elected optional benefits to determine Cost Sharing, Covered Services and any limitations or exclusions.)*

## Endnotes:

1. Family Deductibles (when applicable) and Out-of-Pocket Maximums (OOPM) are equal to two times the “self-only” values. In a Family plan, a Member is only responsible for the “one Member in a Family” Deductible and OOPM. Deductibles and other Cost Sharing payments made by each Member in a Family contribute to the “entire Family of two or more” Deductible and OOPM. Once the “entire Family of two or more” Deductible amount is satisfied by any combination of Member Deductible payments, plan Copayment or Coinsurance amounts apply until the “entire Family of two or more” OOPM is reached, after which the plan pays all costs for Covered Services for all Family Members.
2. Cost Sharing for all Essential Health Benefits, including that which accumulates toward an applicable Deductible, accumulates toward the OOPM.
3. a) Copayments apply per prescription for up to a 30-day supply of prescribed and Medically Necessary generic or brand-name drugs in accordance with formulary guidelines. All Medically Necessary prescription drug Cost Sharing contributes toward the annual OOPM.  
b) Member Cost Sharing for orally administered anticancer drugs shall not exceed \$250 per prescription for up to a 30-day supply. Members may have a Cost Sharing maximum equal to or lower than \$250 as the applicable maximum for oral anticancer drugs is determined by each plan’s prescription drug benefits. Orally administered anticancer drugs follow applicable tier-based Cost Sharing. Refer to the Prescription Drugs, Supplies, Equipment and Supplements section of this matrix for Cost Sharing details. For plans with a separate annual Deductible for prescription drugs, oral anticancer drugs on any tier are not subject to the prescription drug Deductible.  
c) FDA-approved, self-administered hormonal contraceptives that are dispensed at one time for a Member by a provider, pharmacist or other location licensed or authorized to dispense drugs or supplies, may be covered at up to a 12-month supply. Cost Sharing for a 12-month supply of contraceptives, when applicable, will be 12 times the retail cost or four times the mail order cost.  
d) Except for Specialty Drugs, up to a 100-day supply is available, at twice the 30-day Copayment price, through the mail order pharmacy. Specialty Drugs are available for up to a 30-day supply through the Specialty Pharmacy.  
e) Some drugs prescribed for sexual dysfunction, such as Cialis, Levitra or Viagra (or the generic equivalent, if available) are limited to 8 doses per 30-day supply.  
f) Upon request from a Member or prescriber, a pharmacist may, but is not required to, dispense a partial fill of a prescription for an oral, solid dosage form of a Schedule II controlled substance in accordance with Section 4052.10 of the California Business and Professions Code. The Cost Sharing for a partial fill of a prescription will be prorated.
4. Other practitioner office visits include therapy visits and other office visits not provided by either PCPs or Specialists or visits not specified in another benefit category.

5. The family planning counseling and services benefit does not include termination of pregnancy or male sterilization procedures, which are covered under the “Outpatient Care” section of the “Your Benefits” chapter in the EOC and included in the Cost Sharing for the outpatient surgery services listed above.
6. Acupuncture is typically provided only for the treatment of nausea or as part of a comprehensive pain management program for the treatment of chronic pain. Chiropractic services are not covered as part of the SHP medical plan.
7. The outpatient visit (non-office visit) category includes, but is not limited to, services such as outpatient chemotherapy, outpatient dialysis, outpatient radiation therapy, outpatient infusion therapy, sleep studies and similar outpatient services performed in a non-office setting. This category also includes storage of cryopreserved reproductive materials included in the fertility preservation services benefit. Storage of cryopreserved materials is not a per visit service and is typically billed on an annual basis at the outpatient visit (non-office visit) Cost Sharing.
8. MH/SUD inpatient services include, but are not limited to: inpatient psychiatric hospitalization, including inpatient psychiatric observation; inpatient Behavioral Health Treatment for autism spectrum disorder; treatment in a Residential Treatment Center; inpatient chemical dependency hospitalization, including medical detoxification and treatment for withdrawal symptoms; and prescription drugs prescribed in an inpatient setting, excluding a Residential Treatment Center. Refer to the Outpatient Prescription Drug benefit for coverage details for prescription drugs prescribed in a Residential Treatment Center.
9. MH/SUD other outpatient services include, but are not limited to: psychological testing; multidisciplinary intensive day treatment programs such as partial hospitalization and intensive outpatient programs; outpatient psychiatric observation for an acute psychiatric crisis; outpatient Behavioral Health Treatment for autism spectrum disorder delivered in any outpatient setting, including the home; and other outpatient intermediate services that fall between inpatient care and outpatient office visits.
10. Cost Sharing for services with Copayments is the lesser of the Copayment amount or allowed amount.
11. In order to be covered, most non-preventive care medical services require a referral from your PCP. Many of these services also require Prior Authorization by your PCP’s medical group or SHP. Please consult the EOC for complete details on referral and Prior Authorization requirements for all Covered Services.
12. For this Benefit Year, this benefit plan provides eligible Medicare beneficiaries with prescription drug coverage that is expected to pay on average as much as the standard Medicare Part D coverage in accordance with Centers for Medicare and Medicaid Services. The coverage is at least as good as the Medicare drug benefit and therefore considered “creditable coverage”. Refer to [Medicare.gov](https://www.medicare.gov) for complete details.
