

HEALTH PLAN BENEFITS AND COVERAGE MATRIX

THIS MATRIX IS INTENDED TO BE USED TO HELP YOU COMPARE COVERAGE BENEFITS AND IS A SUMMARY ONLY. THE EVIDENCE OF COVERAGE AND PLAN CONTRACT SHOULD BE CONSULTED FOR A DETAILED DESCRIPTION OF COVERAGE BENEFITS AND LIMITATIONS.

(Important disclaimer regarding optional benefits: Cost Sharing and benefit information for optional benefits that may be elected by your employer group are not reflected on this Benefits and Coverage Matrix. Most optional benefits do not accrue to your Deductible or to your Out-of-Pocket Maximum. Please refer to the separate plan documents for elected optional benefits to determine Cost Sharing, Covered Services and any limitations or exclusions.)

Endnotes:

1. Except for optional benefits, if elected, Deductibles and other Cost Sharing payments made by each Member in a Family contribute to the “entire Family of two or more Members” Deductible and Out-of-Pocket Maximum (OOPM). Each Family Member is responsible for the “one Member in a Family of two or more Members” Deductible and OOPM until the Family as a whole meets the “entire Family of two or more Members” Deductible and OOPM. Once the Family as a whole meets the “entire Family of two or more Members” OOPM, the plan pays all costs for Covered Services for all Family Members.

For HDHPs, in a Family plan, an individual Family Member’s “any one member in a Family of two or more Members” Deductible, if required, must be the higher of the specified “self-only enrollment” Deductible amount or the IRS minimum of \$2,700 for plan year 2018. Once an individual Family Member’s “any one member in a Family of two or more Members” Deductible is satisfied, that Member will only be responsible for the Cost Sharing listed for each service. Other Family Members will be required to continue to contribute to the “any one member in a Family of two or more Members” Deductible until the “entire Family of two or more Members” Deductible is met. In a Family plan, an individual Family Member’s out-of-pocket contribution is limited to the “any one Member in a Family of two or more Members” annual OOPM amount.

2. Cost Sharing for all Essential Health Benefits, including that which accumulates toward an applicable Deductible, accumulates toward the OOPM.
3. a) Copayments apply per prescription for up to a 30-day supply of prescribed and Medically Necessary generic or brand-name drugs in accordance with formulary guidelines. All Medically Necessary prescription drug Cost Sharing contributes toward the annual OOPM.
 b) Member Cost Sharing for oral anti-cancer drugs shall not exceed \$200 per prescription for up to a 30-day supply. This maximum Cost Sharing will not apply until after the Deductible is met.

- c) FDA-approved, self-administered hormonal contraceptives that are dispensed at one time for a member by a provider, pharmacist or other location licensed or authorized to dispense drugs or supplies, may be covered at up to a 12-month supply. Cost Sharing for a 12-month supply of contraceptives, when applicable, will be 12 times the retail cost or four times the mail-order cost.
 - d) Except for Specialty Drugs, up to a 100-day supply is available, at twice the 30-day Copayment price, through the mail-order pharmacy. Specialty Drugs are available for up to a 30-day supply through the Specialty Pharmacy.
 - e) Drugs prescribed for sexual dysfunction have a 50% share of cost applied after the Deductible is met. Some sexual dysfunction drugs such as Cialis, Levitra or Viagra (or the generic equivalent, if available) are limited to 8 doses per 30-day supply.
4. Non-specialist practitioner office visits include therapy visits, other office visits not provided by either PCPs or Specialists or visits not specified in another benefit category.
 5. Family planning counseling and services include all Food and Drug Administration approved contraceptive methods, sterilization procedures, and patient education and counseling for all women with reproductive capacity. This does not include termination of pregnancy or male sterilization procedures, which are covered under the Outpatient Care section of the “Your Benefits” chapter in the EOC and included in the Cost Sharing for the outpatient surgery services listed above.
 6. Acupuncture is typically provided only for the treatment of nausea or as part of a comprehensive pain management program for the treatment of chronic pain.
 7. The outpatient visit (non-office visit) category includes, but is not limited to, services such as outpatient chemotherapy, outpatient dialysis, outpatient radiation therapy, outpatient infusion therapy, sleep studies and similar outpatient services performed in a non-office setting.
 8. Inpatient MH/SUD services include, but are not limited to: inpatient psychiatric hospitalization; inpatient chemical dependency hospitalization, including detoxification; mental health psychiatric observation; mental health residential treatment; Substance Use Disorder Transitional Residential Recovery Services in a non-medical residential recovery setting; Substance Use Disorder Treatment for Withdrawal; inpatient Behavioral Health Treatment for Pervasive Developmental Disorder (PDD) and autism.
 9. MH/SUD other outpatient services include, but are not limited to: mental health psychological testing; mental health outpatient monitoring of drug therapy; Substance Use Disorder Treatment for Withdrawal; day treatment such as partial hospitalization and intensive outpatient program; outpatient Behavioral Health Treatment for Pervasive Developmental Disorder and autism delivered at home; and other outpatient intermediate services that fall between inpatient care and regular outpatient office visits.
 10. Cost Sharing for services with Copayments is the lesser of the Copayment amount or allowed amount.
 11. In order to be covered, most services require a referral from your PCP and many also require Prior Authorization by your PCP’s medical group. Please consult the complete EOC for additional information on referral and Prior Authorization requirements.
